

Terms and conditions

All information received from students at the time of registration on JCBNSM will be used for issuing their certificate . On registration, you must provide accurate, complete registration information and it is your responsibility to check and maintain changes to that information on the applicable registration forms. This is particularly important if you subscribe to any courses of JCBNSM . Each registration is for a single user only. On registration, you will be given an Identity card . JCBNSM does not permit any other person sharing your Identity card. JCBNSM may cancel or suspend your admission if you violate the rules of JCBNSM .

Only registered branch offices are eligible to take admission of new students . Every year each student has to conduct an examination by which they will be upgraded to next year course .
